Fruit, a part of your diet

By SHIRLEY W. WALTON
Extension Agent

Enjoy Eating Fruit

Are you calorie conscious? Do you worry about eating the proper foods? Whether you are nine or ninety, fruit should be a part of your diet.

A wide variety of low calorie snacks, salads and desserts can be created with fruits. In addition to fewer calories, there are some nutritional bonuses. Oranges, grapefruits, strawberries and watermelons are good sources of Vitamin A. Fruits such as apples and raspberries are not packed with nutrients, but do contain small amount of vitamins, trace minerals and fiber.

Fruit can help make between meal nibbles a nutritional plus. One quick and easy snack can be made by filling a cored apple with cheese. Mash sharp ceddar or any other favorite cheese with a fork until creamy. Wash and core apples, removing both stem and blossom ends and fill the cavity with softened cheese. Fill the apple until the cheese is firm enough to slice. Then slice crosswise and enjoy. This makes a lovely snack for a party and small apples are recommended.

Teenagers particularly are heavy consumers of soft drinks. Fruit juices can be just as refreshing and much better choice nutritionally. One cup of apple juice contains fewer calories than a cola beverage and adds a small amount of iron to the diet. Try experimenting with combinations of juices: For example, one cup orange juice, ¾ cup lemonade and 2 cups apple cider. You'd be surprised what a delightful combination this would be. This basic recipe can be multiplied as many times as you would like, depending upon the amount of juice you would like to mix up. Be sure to buy products labeled "Juice" rather than those labeled "drinks." Fruit juices must contain 100% pure fruit juice. Fruit drinks usually contain large amounts of sugar and water. Many of these drinks also contain artificial flavoring and coloring.

A wide variety of fruits are grown in Virginia and can be enjoyed several months of the year. Apples are a large crop and several small fruits such as strawberries, cherries, raspberries and blueberries are available during the spring and summer months. We will continue to see a fair amount of fresh fruit on the market during the early fall season.

Availability of fresh fruit is dictated by the season of year. So sometimes canned fruit is a better buy. Fruit is canned is heavy syrup (50% sugar), light syrup (30% sugar), juice or water. Enjoy the natural fruit flavor by choosing fruit packed in its own juices or light syrup.

A special note for those of you who may be diabetic or have to control the amount of sugar intake: Wash any fruit that you purchase that is canned in heavy syrup. You may do so by letting running water from the faucet run over the fruit to remove the excess sugar syrup. Blot with a paper towel, and you are ready to serve. This will help in families where someone can eat the canned fruit that is prepared in the sugar syrup and other family members cannot.

If you have a homemaking question or problem, call 352-8244 or you may write P.O. Box 488, Appomattox,VA 24522.

Have a good week!

SPECIAL ANNOUNCEMENT

Rush's hand pressed cider (the best you will ever drink) and Jimmy Ellis' fried pork rinds. Watch the newspaper for more details. Courthouse Square will be filled with special activities from the "Good 'Ole Days."

RECIPE OF THE WEEK
Granola Snacks

2 eggs
2 T. oil
¼ c. apple or orange juice
1 c. whole wheat flour
½ tsp. baking powder
3 c. granola cereal
½ c. raisins

Preheat oven to 350°F. Lightly grease 2 cookie sheets. In large bowl, beat together eggs, oil and juice until well combined. Stir in flour and baking powder. Fold cereal and raisins into batter. Drop by heaping T. onto cookie sheets. Bake 10-12 min. Makes 20 granola snacks.

Please note that this cookie recipe does not have sugar added to the batter. This will be excellent snack or addition to a lunch box.

NUTRITION TASK FORCE members discuss needs and resources in Appomattox County at last Wednesday's meeting.

Nutrition task force members meet

Nutrition task force members, Mr. Thomas Chilton, Mr. Herbert Fleshman, Mrs. A. Fratrick, Mr. Francis Elliott, Mr. Barry Elder, Mr. Richard Martin, Mr. and Mrs. Robert S. Miner, Ms. Eva Lee Hall, Rev. Harmon Smith, Mr. Franklin Vaughan, Rev. Melvin Winters, and Mrs. Lloyd Walton met with the members of the Appomattox County Board of Social Services: Horace W. Coleman, Jr., Louise L. Martin, Herbert Richardson, and Virginia M. Babcock on Wednesday, September 21, to assess nutrition needs and resources in Appomattox County.

Mr. T. C. Jones, actving director, Central Virignia Commission on Aging, discussed nutrition services provided by CVCA to Appomattox County citizens and the potential for the development of additional satellite nutrition sites in the Pamplin, Oakville, and Stonewall areas of Appomattox County. Additional home delivered meals to the elderly and handicapped persons was another of the services offered by CVCA to the county residents. Coordinating the delivery of the meals with the assistance of volunteers for heating and transporting the meals to the recipients is a necessary element in meeting the nutritional needs.

Appomattox nutritional needs coincide with CVCA's goal of structuring four feeding sites in each of the six government jurisdictions in planning District 11. A reimbursement of 20 cents per mile could be paid persons for transporting participants to the meal sites or carrying meals to the homebound. The goal of feeding at least 20 persons at each site inter-relates to the goal of not exceeding $3.18 per meal cost.

Membership representing the respective agencies of: The Appomattox Assembly, NAACP, Appomattox Volunteers, The Commodity Foods Coordinator, The Appomattox County Department of Social Services, St. Anne's Episcopal Church, The Appomattox County Board of Supervisors, Appomattox Extension Service, The Administrative Board of CVCA, Appomattox Baptist Association, and Appomattox County consumers will give leadership and guidance to the coordination of additional nutritional services to Appomattox County citizens.

Persons who have knowledge of homebound persons who may be in need of home-delivered meals are asked to contact one of the members of the task force.

As additional nutritional needs for Appomattox County citizens surface, there is an even greater demand for increased financial support for payment of a commodity foods freezer which has been placed at Appomattox Depot.

Local historical society holds meeting

The Appomattox County Historical Society held its September meeting in the home of Virginia and Francis Tyler. The speaker, Mr. Bill Britton, presented possibilities and plans for a proposed Appomattox County drama. Much interest was shown in the plans. Refreshments were served following the meeting.

Plans were announced for a bake sale to be held on Saturday, October 8 on the parking lot by Marshall's Store. Members who were not at this meeting are asked to call Mrs. Ellen O'Brien to tell her what they will bring for the bake sale.

The Research and Publication committee appreciates the response of those who have already sent in completed family information forms and would appreciate cooperation from those who have not as yet responded. Information may be sent to Mrs. Betty Drinkard, Route 3, Appomattox.

Anyone who has historical data on churches in the county is asked to send information to Hazel Lee Martin, Route 3, Appomattox. Some churches are no longer in existance and some are new. Information is needed on any and all churches that have ever been in existance in the county.

The next meeting of the society is scheduled for December 5 with December 12 as snow date.

The Appomattox County Historical Museum is open Tuesday, Thursday and Saturday, 1 to 4 p.m. this week.

Open hours for the Appomattox Railroad Festival will be Saturday, Oct. 8, 1 to 5 p.m., and Sunday, Oct. 9, from 2 to 5 p.m.

The museum will be closed during the winter months.
